2) READ and complete the table

Hi, my name is Paul and I go to London Primary school. I'm ten years old. Today I'm very happy because I'm at the zoo with my class and my teachers. It's fantastic! There are many animals. Two hippos are in the water and they are very happy. They are really big. In a big cage there is a fierce lion. On the cage of the lion there is a small snake. The monkeys are funny, but my favourite animal is the elephant, I like its big ears and its long trunk. It's fun to be at the zoo!
