

Read the test. Write the children's names in the rectangles and circle True or False

Hello! My name is Jane and I am from England, but at the moment I am living in France because my father is working in a bank in Paris and my mother is teaching English in a school. I'm ten years old, I've got long hair and glasses.

My family and I are living in a very big house. It is near the centre of the town.

I have got a lot of new friends. They are French, so I am learning this language. Now I'm in my bedroom with my new friend Anna and we are playing with my dolls.

I have got two brothers: Louis is very little because he is only three years old. He is not studying French. He is in the living room, he is playing with his toys. James is seven years old and he is having a bath in the bathroom now. He likes playing with his boats in the water. He goes to school and he is studying French, too. I've got many pets. My cat is watching my fish in the aquarium and my dog is in the garden. Today it's Saturday and it's a sunny day, so my father is washing his car in the garden. My mother is in the kitchen and she is cooking dinner. She is making a cake because today it's my birthday. We are very happy.
