

SAINT VALENTINE'S DAY

February 14th is Valentine's Day. Valentine's Day is a day for love. It is also a day for fun!

On Valentine's Day, people give presents and cards to each other. The cards are called valentines. Some people buy the cards. Some people make the cards.

Because Valentine's Day is about love, many people give roses to a person they love.

You also see a lot of hearts on Valentine's Day. People make pictures in the shape of a heart. People buy candles and balloons and many other things in the shape of a heart. You can even find candies in the shape of a heart!

Some schools have valentine parties. The students give each other valentines. They eat heart-shaped candies.
