Jane is a teacher and she lives in London. Today she's very busy.

Jane needs a lot of things so she goes shopping. There are many good small

shops in her area. First, she goes to the bank to get

some money. Then she goes to the butcher's to buy

some meat. At the greengrocer's she buys potatoes,

apples and oranges. She needs some milk, chocolate,

biscuits and cereal so she goes to the supermarket.

Then she goes to the baker's and buys some bread and

a small cake because it's her birthday today.

On her way home she buys a newspaper at the
